Alphabets

L'alphabet français/ The French Alphabet

faits intéressants/ interesting facts

'l'alphabet', the French alphabet, is the same as the English alphabet.

Both languages share the same letters.

However, they are not all pronounced the same way. The French alphabet also has some accents, which changes their pronunciation.

One of the most difficult aspects of learning French is that it is not a phonetic language.

Alphabets

Example:

1. The word for frog is grenouille.

When spoken sounds like “gren-we”.

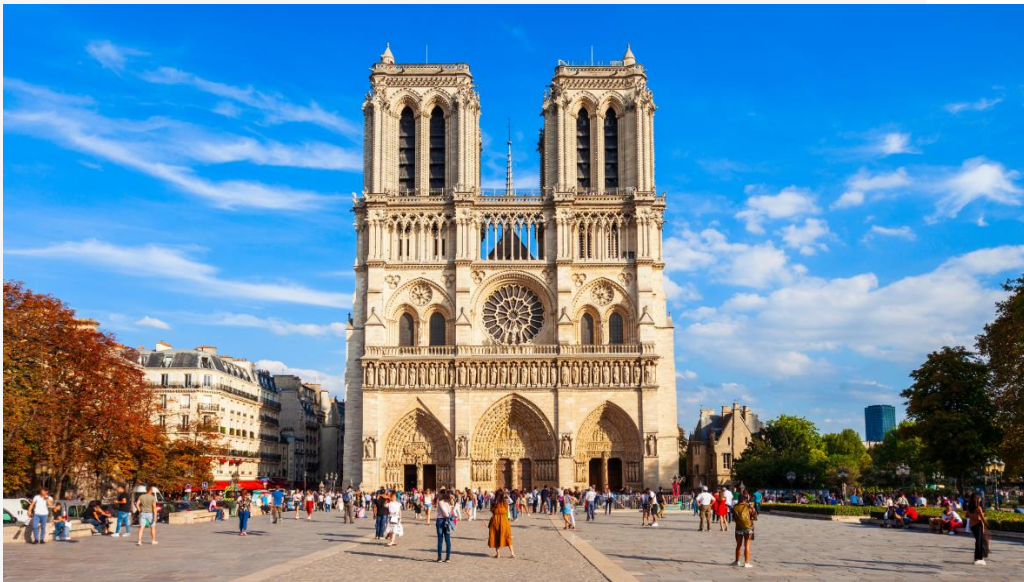

2. The word for meeting is rendezvous.

When spoken sounds like rawn-day-voo.

3. The phrase for aeroplane is avion.

When spoken sounds like a-vyon
